KEY PLATFORM FEATURES

Perform These Key Actions to Identify, Communicate With, and Support Students

Key Faculty Features

- **Reference the Student Profile –** After clicking on a student's name through the search results, your Staff Home, or the Quick Search, note their Academic progress and any areas of concern with the various tabs on a student's profile
- **Mass Email and Text a Group of Students –** Use 'Send a Message' from the 'Actions' drop-down to contact your advisees or other lists you've created in the platform – see *Appendix C*
- **Issue an Alert** to initiate Always Alert interventions. Academic Coaches will intervene based on level of interventions – see *Appendix E*

Additional Features:

- **Set Up Your Availability** - This is an important first step that will allow you to then create appointments with students by selecting the 'Add Time' from your Staff home screen - see *Appendix A* for detailed instructions on setting up your Availability.
- **Sync Your Calendar** - This initiates the two-way sync between Navigate and your calendar. *See Appendix B* for detailed instructions.
- **Add Appointment Summary Reports or Notes–** Record your interactions and follow-ups from student meetings by adding an Appointment Summary Report (record associated with an appointment) or a Note (general record not associated with a specific meeting) – see *Appendix D*

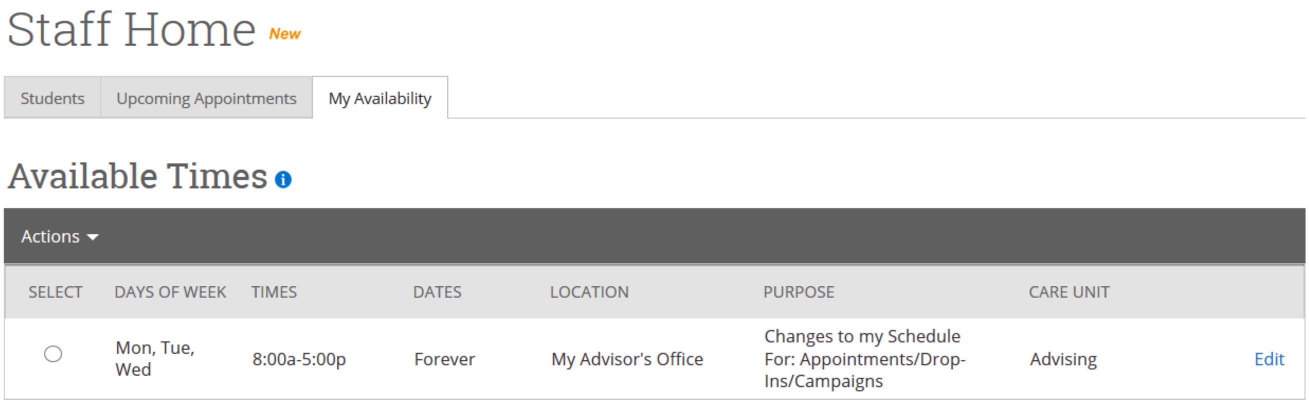
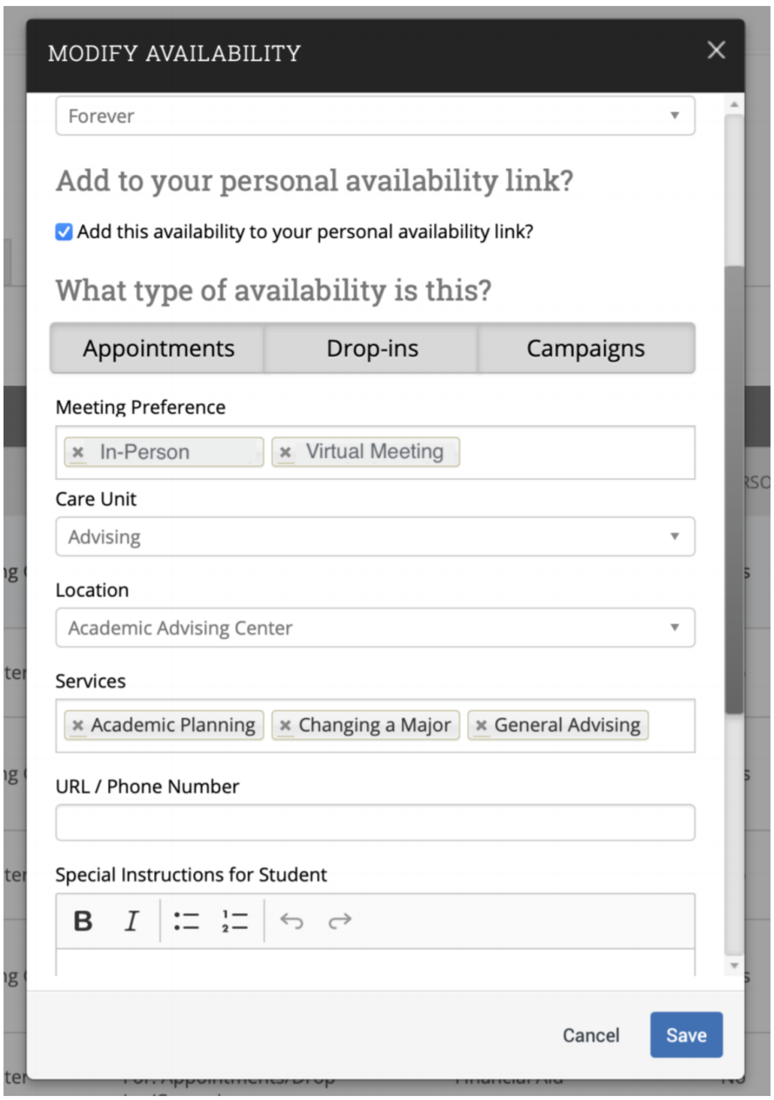
Appendix A: Setting Up Your Availability

Availability

As a new user, the first thing you need to do is *set up availability* so that students can schedule appointments to see you. It is important to note that locations and services are created by institution administrators.





Add Time -

Step 1: Click the Add Time button in the Actions Menu

Step 2: Select the days as well as start and end time in the *From* and *To* fields.

Step 3: Set the length of the availability with the *How Long Is this Availability Active?* field.

Step 4: If you want this availability added to your personal availability link, select *Add This Availability to Your Personal Availability Link?* You can put the personal availability link in an email or text or on a website. Students are taken to a scheduling workflow that has the staff/faculty's chosen availabilities pre-filled. (**Note**: Personality Availability Link only works for regular Appointments, not for Drop-in's and Campaigns)

Step 5: Select your Availability types. You can choose more than one at a time. For example, an availability can be for both Drop-In and Appointments.

Step 6: For Meeting Preference, select the applicable meeting modality.

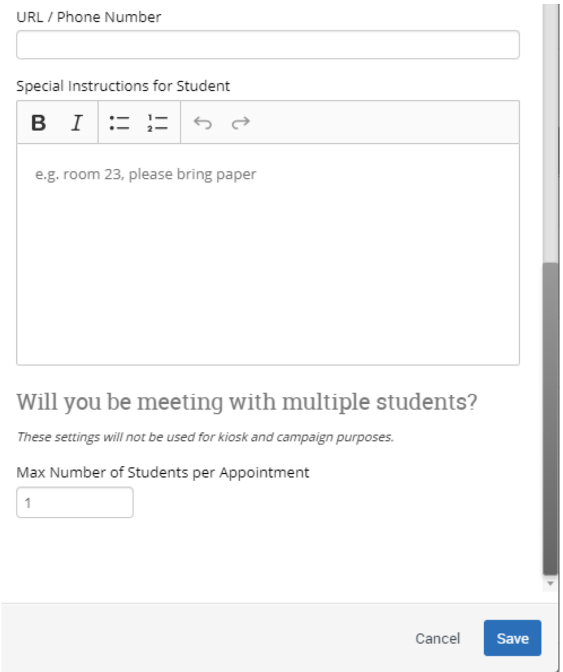
Step 7: Select appropriate Care Unit

Step 8: Choose the location where you will be available.

Step 9: Select services you can provide students during this availability. You must choose at least one service but can pick more.

Steps 10-14 continued on next page...

Appendix A: Setting Up Your Availability



Step 10: In the *URL / Phone Number* field, add your meeting link for your appointments.

Step 11: Use the *Special Instructions* box to include additional details for students. *(Example: We will use Zoom for our meeting, which you can access by using the link provided. Virtual meeting spaces allow us the flexibility to connect from various spaces. Please ensure the space you are in is conducive for such a meeting. I very much look forward to meeting with you!)*

Step 12: If you want to hold group appointments, you can specify the number *under Max Number of Students per Appointment.* Otherwise, you can leave is as 1 for one-on-one appointments.

Step 13: Click the Save button.

Step 14: Repeat this process until all your availabilities have been defined.

- You can have as much availability as needed.
- Creating multiple availabilities will enable you to set aside specific blocks for specific services (registration advising for example) or meeting types (drop ins vs. scheduled appointments)

Editing Availability:

Copy Time - to copy a time, select the time you would like to copy and then click the Copy Time button. The availabilities will be copied, and a dialog will open allowing you to make edits or to save your newly created availability.

Delete Time- to delete your time, simply select the time and click the Delete Time button.

Group Appointments - You can create availability for group appointments by indicating how many students are able to schedule into the same appointment (indicate specific number under "Max Number of Students per Appointment")

Inactive availabilities are highlighted in red in the Times Available grid.

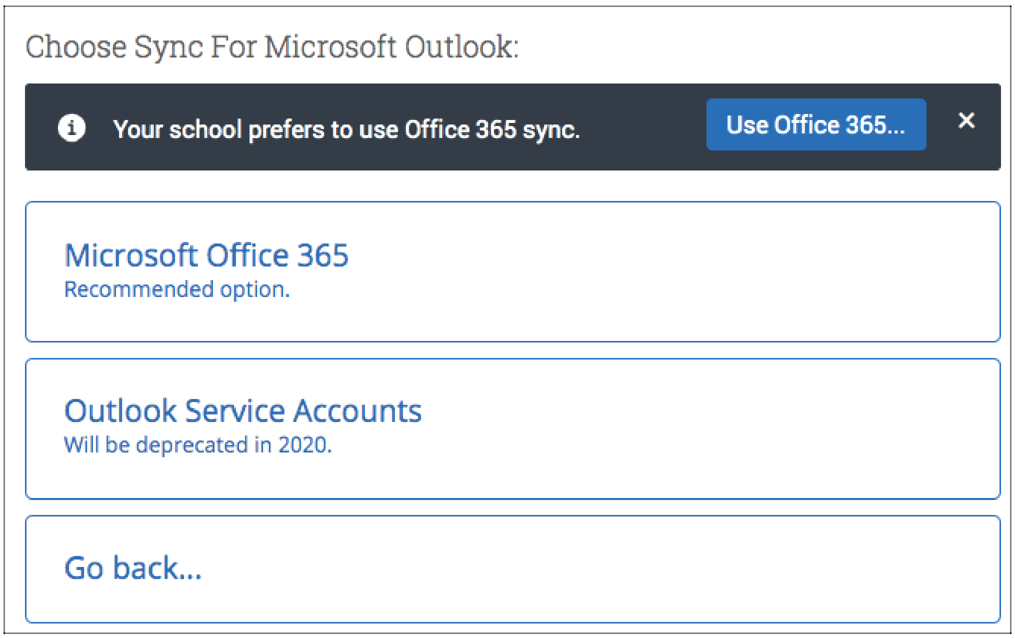
Appendix B: Sync Your Outlook Calendar

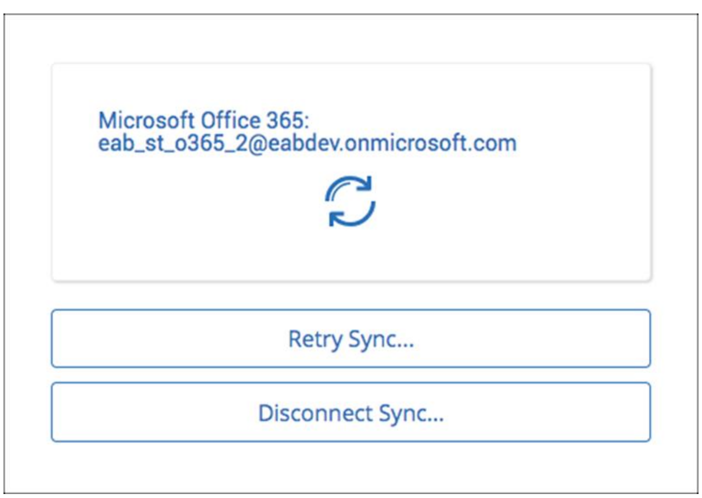
Integrating Your Calendar

The availability you set up within Navigate dictates students' ability to schedule appointments with you. You have the added option to integrate your calendar with the Navigate platform to pull in Free/Busy times from your personal calendar and push appointments scheduled in Navigate to your personal calendar.

1. Toggle to the calendar page within Navigate using the calendar icon on the left side toolbar.
2. Select Settings and Sync on the top right side of the page
3. Click Setup Sync. You will see a "Your school prefers to use Office 365 sync" banner on Calendar with a "Use Office 365…" button to begin the setup.



4. Upon clicking the button, you will be routed to login.microsoftonline.com. If the you are not already signed into Office 365, you will be prompted to sign in.
5. After signing in, Office 365 will ask you to grant permission for the application to access your calendar. Pressing "Accept" will authorize and begin the syncing.



The browser will return to the Calendar Integrations page. The "Exchange Integration" tab will no longer appear. The "Office365 Integration" tab will now show the timestamp for the last successful sync (or any applicable error message) and will include options for you to Retry or Disconnect the sync as needed.

The Two-Way Sync will enable that any agenda item created from Navigate will sync back to your Outlook Calendar. All existing events and events that are created from your Outlook Calendar will be shown as 'Busy' in Navigate

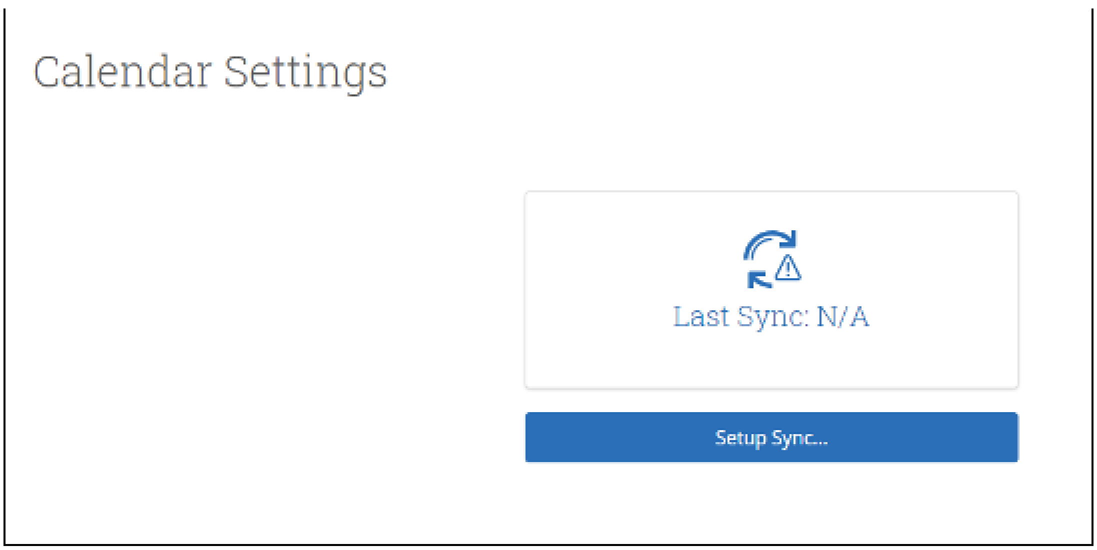
Appendix B: Sync Your Outlook Calendar

Integrating Your Calendar

The availability you set up within Navigate dictates students' ability to schedule appointments with you. You have the added option to integrate your calendar with the Navigate platform to pull in Free/Busy times from your personal calendar and push appointments scheduled in Navigate to your personal calendar.

Select the calendar icon in the left navigation bar. Once on the My Calendar page, select the **Settings and Sync** button.

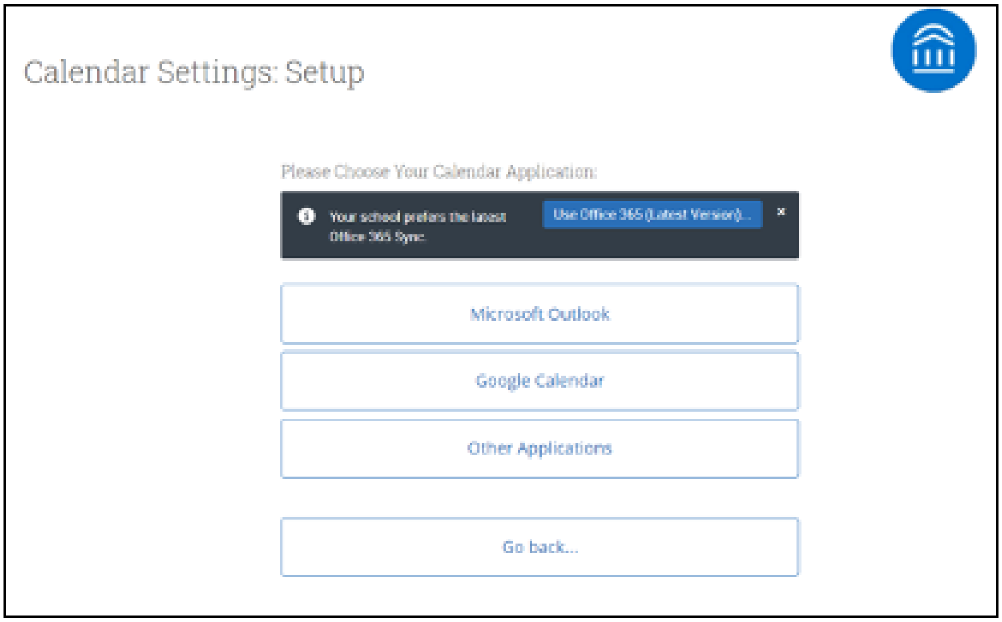
On the Calendar Settings page, select **Setup Sync…**



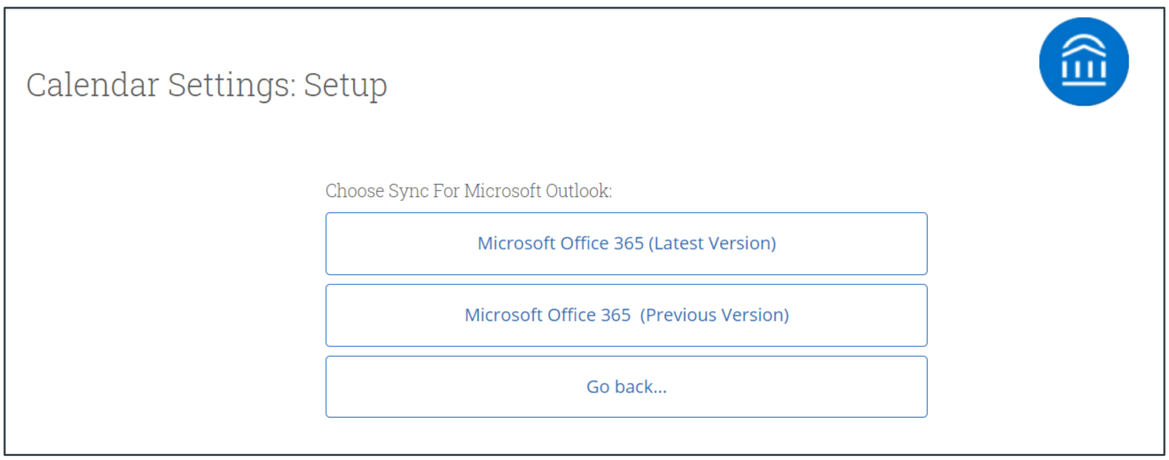
Appendix B: Sync Your Outlook Calendar

Integrating Your Calendar

If you see the following screen, click the button that says **Use Office365 (Latest Version)** at the top of the list of options, as in figure 3.



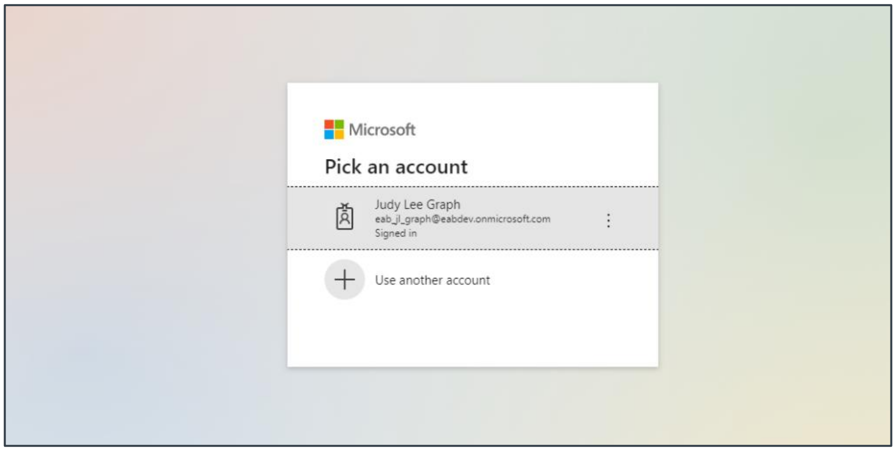
If you click **Microsoft Outlook** instead of the **Use Office365 (Latest Version)** button, you choose your Microsoft Outlook sync. Select **Microsoft Office 365 (Latest Version)** from the options.



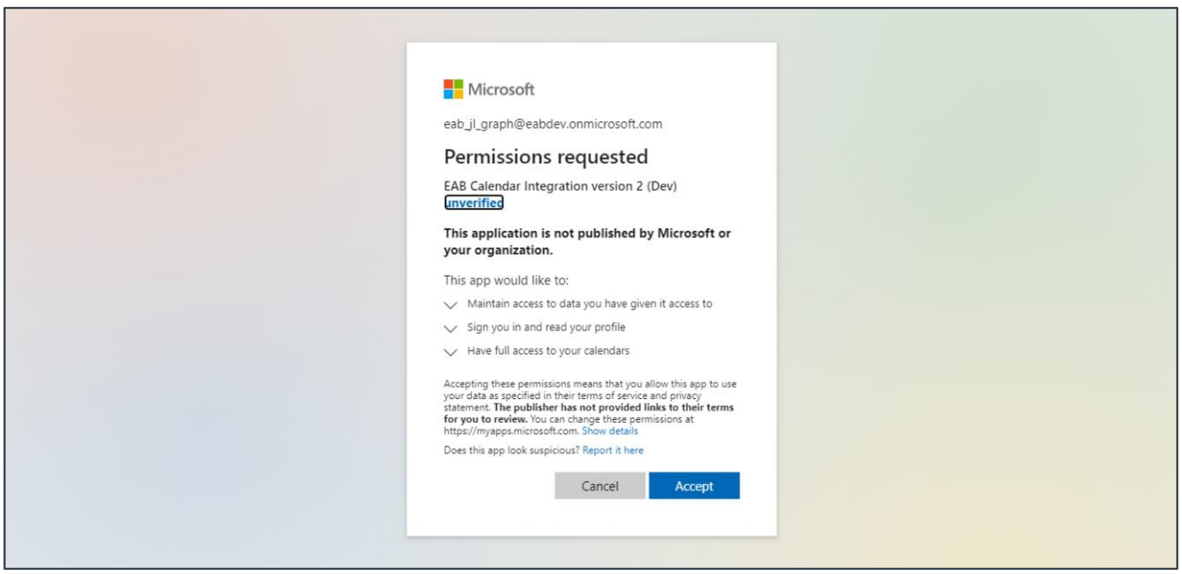
Regardless of which method you choose, the Microsoft login and authorization page opens. The page tells you to pick an account. Choose your professional account.

Appendix B: Sync Your Outlook Calendar

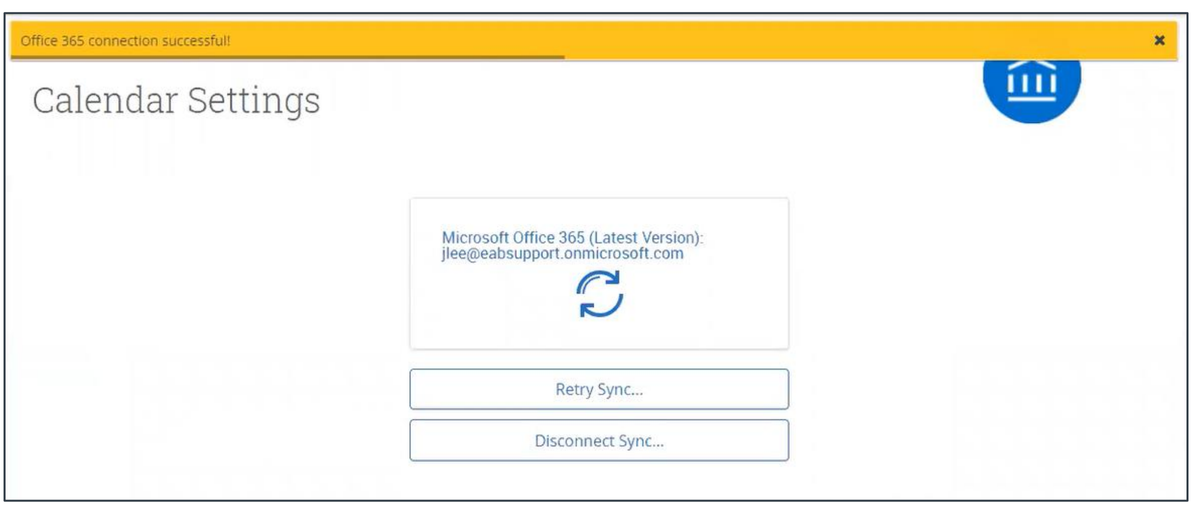
Integrating Your Calendar



If you log in successfully, you see a page requesting permissions.



Select **Accept**. The page redirects to the Navigate Calendar Settings page, with a success message and information about the sync on display.



Appendix C: Mass Email and Text a Group of Students

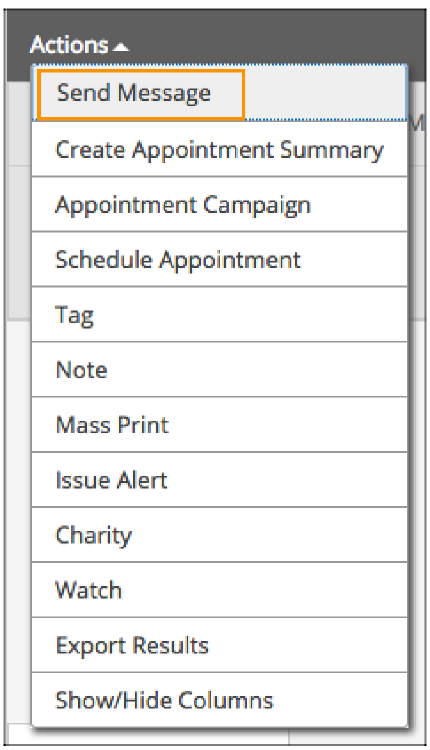
Communicating with Students

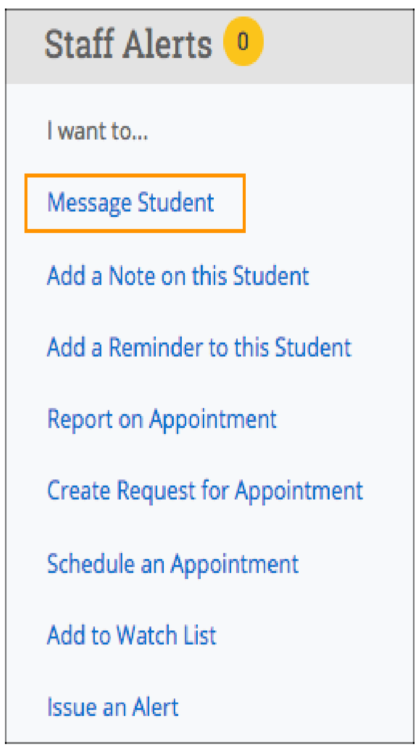
Navigate provides both **email** and **text messaging** for faculty and staff to communicate with students, either individually or en masse. Communicating with students through the platform creates records of those communication which can be accessible by other staff or faculty on your campus. In addition, it allows for a quick and easy way to communicate with more than one student at once.

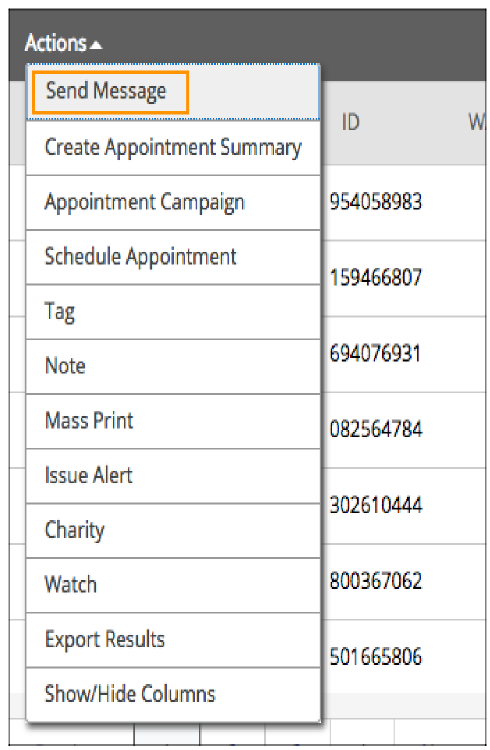
Any faculty or staff member will only be able to view communications in which they have the proper permissions. Permissions allow users to either view only their own communications with students, or to view all communications with students. If you are unsure who can view your communications, contact your Application Administrator.

How do I send the emails or texts?
You can send emails or texts to one or more students from your staff homepage, the student profile, or the advanced search. Most "Actions" menus throughout the platform allow for sending emails or texts. See below for screenshots of each of these locations.

- Send a message from the Staff home page (fig. 1)
- Send a message from the Student home page (fig. 2)
- Send a message from the Advanced Search (fig. 3)







Important Note: If you do not see the option to Email or Text students, then your role does not have the proper permission for this action, or your institution decided not to allow texting. Please contact your Application Administrator with questions.

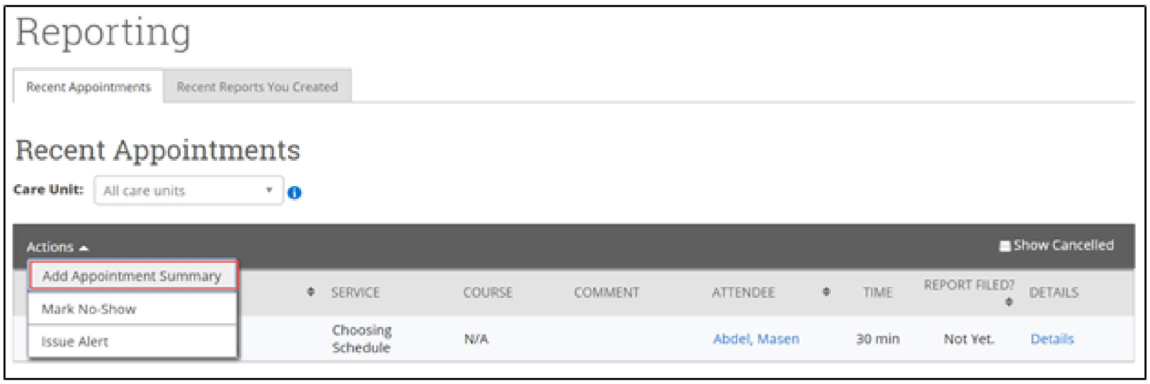
Appendix D: Add Appointment Summary Reports

Documenting a Student Interaction

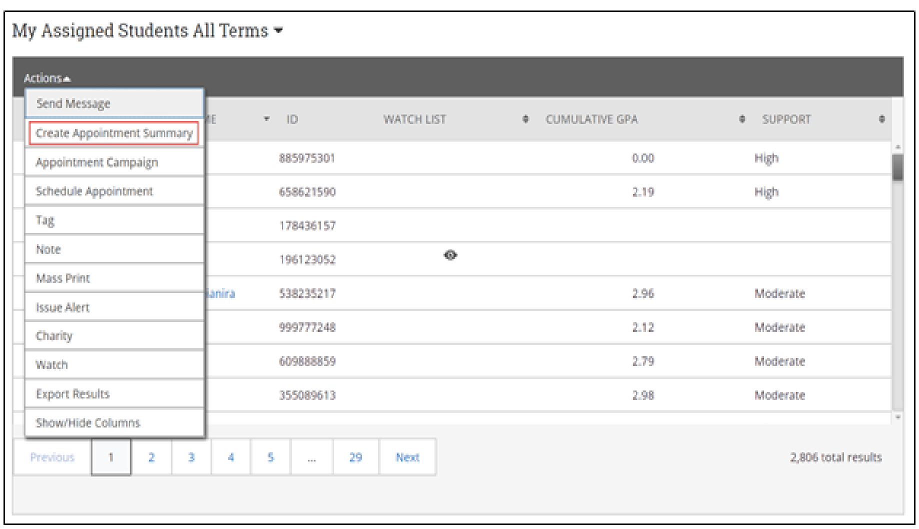
Summary Reports can be created during or after meeting with students. You can add a summary report to an appointment scheduled in advance, create a summary report for a walk-in appointment, mark a student as a no show, or edit existing summary reports.

For Scheduled Appointments: There are several different ways to create an Appointment Summary Report for scheduled appointments. **Add Appointment Summary** is an option in the Actions drop-down menu throughout the platform. The easiest way to access your appointments is from your Staff Home page. Under the **Students** tab on Staff Home, scroll down and find your Recent Appointments. From this section, you can click on a student and select **Add Appointment Summary** from the Actions drop-down menu. You can also access this section from the **Upcoming Appointments** tab of Staff Home.

Note: It is important to always create Appointment Summary Reports from the scheduled appointment itself, rather than ad-hoc, to ensure the Summary Report is tied to that specific appointment.



For Drop-in Appointments: There are several different ways to create an ad-hoc Appointment Summary Report for walk-in appointments. **Create Appointment Summary** is an option in the **Actions** drop-down menu throughout the platform. The easiest way to create an ad-hoc Appointment Summary Report for a walk-in appointment is from Staff Home or a student profile. Under the Students tab of Staff Home, find the specific student in your My Assigned Students section, or click the drop-down to find the student from one of your saved lists. From this section, you can click on a student and select Create Appointment Summary from the Actions drop down. This will create an Appointment Summary and add that appointment to your calendar in the past.



For more detailed guidance, check out the Help Center!

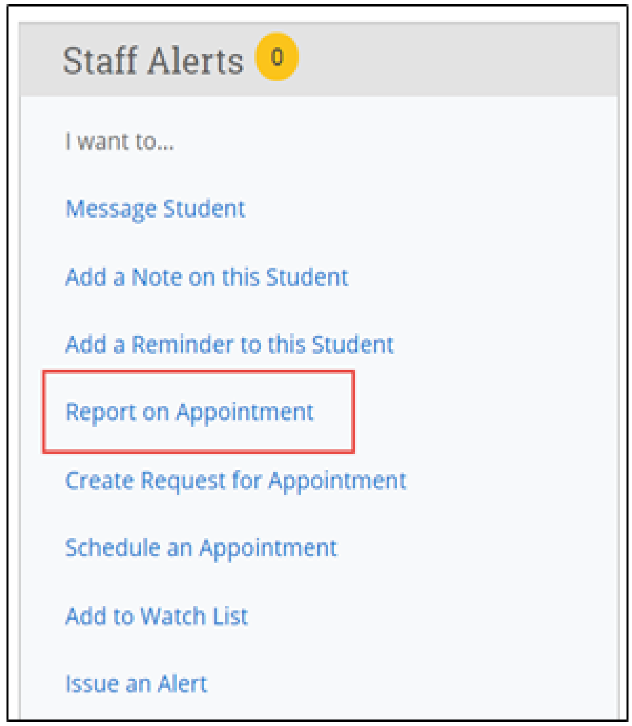
Appendix D: Add Ad Hoc Appointment Summary Reports

Documenting an Advising Interaction

You can also create an ad hoc Appointment Summary Report from a student's profile page. Navigate to that specific student's profile and click **Report on Appointment** from the Actions menu on the right. This will create an Appointment Summary and add that appointment to your calendar in the past.

Reminder: When creating an ad-hoc Appointment Summary Report to track drop-in appointments, the Navigate platform will create the relevant appointment on your calendar for the date and time you selected in the past. Creating that appointment helps our system keep track of all appointments happening with students, regardless of whether they were scheduled or walk-ins. If you sync your professional calendar to the Navigate platform, this appointment created in the past will also sync to that calendar.

For No-Show Appointments: The primary way to mark a student as a no-show for a scheduled appointment is from Staff Home. On the **Students** tab, scroll down and find your Recent Appointments. From this section, you can click on a student and select **Mark No-Show** from the Actions drop down. You can also access this section from the **Upcoming Appointments** tab of your homepage. Marking a student as a no-show still adds a Summary Report to the appointment. The only difference is that the box next to the student's name called **Attended** will not be checked. See the screenshot below.



Important Note: Any information you enter into Navigate pertaining to a student becomes a part of their official student record and may be subpoenaed by that student, as outlined in the Family Educational Rights and Privacy Act (FERPA).

Appendix E: Issue an Alert

Submitting an Ad-Hoc Alert

Navigate's ad hoc alerts are used by faculty and staff to share critical information and to create referrals for student between support offices. Use the instructions below to submit an early alert and mobilize support for a student.

Step 1: Click the "Issue an Alert" link in the upper right-hand corner of your home page.

Step 2: Search for the student for whom you'd like to issue an alert (using name or ID).

Step 3: Select the reason(s) you believe the student needs assistance. The reason(s) you choose will connect the student with the appropriate office. See more details on the specific alert reasons below.

Step 4: If the alert is associated with a particular class, fill out that field.

Step 5: Lastly, please provide any relevant context around your reason for submitting the alert in the comments section. Comments will help the team reviewing alerts to connect the student with the right resources in a timely fashion.

Step 6: Issuing an alert may open a case. You will receive an email notification when the case has been resolved.
